#### TOO GREAT EXPENSE

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testimony to the merit of this remedy are genuine and bona fide, especially to those who have realized the suffering incident to piles is it incredible that any one who has been affilicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation.

assured them that the only relief is in a surgical operation.

This is rightruny viewed with dread by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases too, there is a return of the complaint, owing to the fact that the cause is not removed.

The proprietors of the Pyramid Pile Cure agree to forfelt one thousand dollars to any one who will show a single published testimonial to be not genuine and unsolicited; this latter feature is most gratifying, masmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at a comparatively trifling expense. Pyramid Pile Cure is for sale by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mr. Wm. Lichtenwaiter, head of the makers to any address upon receipt of price.

Mr. Wm. Lichtenwaiter, head of the largest printing house in Canton, Ohio, says: "It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protruding and bleeding piles, after suffering more than twenty-five years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three fifty-cent boxes of Pyramid Pile Cure.

"I advise every person suffering with this distressing and painful complaint to give this remedy a trial. I have every confidence in it." Write the Pyramid Drug Co., Marshall, Mich., for their book on the causes and cure of piles.

The House reconsidered the vote by which it adopted an amendment to the Stafford legislative sulary bill fixing the compensation for members at 75 cents per day and board. The bill was then committed.

Much time was spent discussing the Staughter bill, requiring peddlers of frugs to pay a license of \$100 per annum. An amendment had previously been adopted making it unlawful to leave samples of medicine at residences. The bill as amended was committed.
